

# EMERGENT RISK SOLUTIONS

Emergent Risk Solutions, LLC (“Emergent”) was founded in 2013 in the wake of Hurricane Sandy with the realization of increasing risks associated with the frequency of catastrophic natural disasters. Emergent is a full-service emergency management consultancy offering services in preparedness/planning, response, recovery, and mitigation. We provide independent and innovative, professional management consulting services, adding value to decision-making processes for our clients.

OUR EFFORTS FOCUS ON REBUILDING COMMUNITIES BETTER, FASTER, AND MORE RESILIENT FOR THE FUTURE.
